SUBJECT: NOTICE REGARDING SCHOOL SERVICES SCHOOL YEAR 2026/2027 – PRE-REGISTRATION COLLECTION

Dear Families,

with this notice, we provide the link to proceed with the **pre-registration for the PRE- and AFTER-school services** for the 2026/2027 school year.

Please be informed that, for the upcoming school year, **the monthly cost of the services will undergo a significant increase**, including the fee applied to non-resident students. This adjustment is driven by the need to **align the delivery of the service with the needs that have emerged over previous years**, including organizational aspects and service quality, resulting in a redefinition of the economic conditions for access.

Below are the main details concerning the services which will be managed by **Progetto Persona Cooperativa Sociale Onlus**.

PRE-SCHOOL SERVICE

The Pre-school service, operating from Monday to Friday, allows students to access the school **from 7:30 a.m. until the start of lessons. Indicative monthly cost: between €25.00 and €35.00**, depending on the number of enrolled students.

AFTER-SCHOOL SERVICE

The After-school service allows students to remain at school beyond regular school hours, **until 6:00 p.m. Indicative monthly cost: between €70.00 and €80.00**, depending on the number of enrolled students. The service will operate under the following conditions:

- ✓ time will be structured with recreational and educational activities and will not consist of mere supervision; **a homework area is planned but not guaranteed**;
- ✓ the service will operate from **3:30 p.m. to 6:00 p.m.**, with flexible pick-up times;
- ✓ the number of educators will be proportionate to the number of enrolled students and will consider any situations of vulnerability, which will be assessed with the family;
- ✓ authorizations for drop-off/pick-up will be **managed directly by the cooperative**.
- ✓ in the first and last week of school, after-school service is guaranteed until 1:00 p.m.
